| 1 | Based on “A Walkthrough of the Learning Aid”, write the list of the 19 callouts . To make things simple, you don’t have to write the entire contents of the callouts; just list and number the bold phrases. |
| 2 | Based on the Table of Contents (<i>hint: p. xix</i>), how many lessons are there in Chapter 1? |
| 3 | For each lesson number in Chapter 1, cite the lesson title and starting page number. |
| 4 | <p>At the end of each chapter, there is the CHAPTER SUMMARY (which starts on page 22 for Chapter 1). There are 4 sections after that (<i>hint: with yellow highlight</i>). For each of these sections in Chapter 1, cite:</p> <ul style="list-style-type: none"> a) the letter used in the lessons that refers to this section b) the section title c) the starting page number |
| 5 | The last section referred to in the previous question is the answers to “something”. Where are the answers/solutions to the other 3 sections? |
| 6 | <p>Below half way of page 13, Practice It asks you to try a few things.</p> <ul style="list-style-type: none"> a) What does R1.7 mean? b) What does E1.5 mean? |
| | Hand in your paper on due date |
